

It usually happens when someone needs their PC Card the most. But it'll never happen with the family of RealPort™ Integrated PC Cards. There's nothing to break. Nothing to lose.

After years of connecting with external LAN and modem dongles, we came up with a better way. We got rid of them. You'll never have to stock extra cables again, and your mobile users will never call when they find themselves stranded and "dongle-less."

Whether it's a modem with V.90, an Ethernet card or an Ethernet+Modem, connect with the world's first Integrated PC Cards. Dongles are history. Connect with the times. www.xircom.com
