

End your dongle fixation.

You're not going to believe how liberating it is to get a RealPort™ Integrated PC card. You'll never buy a replacement connector dongle again, because mobile users will never lose them again.

After years of connecting with external LAN and modem dongles, we came up with a better way. We got rid of them. You'll never have to stock extra cables again, and your mobile users will never call when they find themselves stranded and "dongle-less".

Whether it's a modem with V.90, an Ethernet card or an Ethernet+Modem, connect with the world's first Integrated PC Cards. Dongles are history. Connect with the times. www.xircom.com
